

## **Delivery terms**

We usually deliver our products ourselves, but sometimes we also use external help - when we can't make it, something unexpected happens or we need to deliver to a place where we can't deliver directly.

In Kaunas, we deliver orders on Mondays, Wednesdays and Fridays approximately between 8:00 and 17:00.

In Vilnius, we deliver orders on Tuesdays and Thursdays approximately between 9:00 and 18:00.

In order to receive your order on the day we plan to arrive in the cities indicated above, please place your order by 13:00 on the eve of the delivery date. The earlier you order, the greater the chance that you will receive everything you want.

In both Kaunas and Vilnius, we deliver orders for free from just 20 euros. If you order less or if you need to deliver your order at a specific time, delivery will cost you 4 euros.

Due to the specificity of our products, we send orders to other cities by bus - so that the shipment reaches you on the same day and our products experience as little unnecessary stress as possible. The shipment costs 6 euros, we can send it on any working day. You can pick up the shipment at the parcel office in your city or from a passing bus if there is no parcel office in your city. Sorry, we do not send products to the Curonian Spit.

By prior arrangement, you can pick up your order from us in Ringaudai on weekdays or on Saturdays at the farmers' market near Kaunas Castle, where we are almost always present (although there are sometimes exceptions).
